## DESIGN A PICTURE FOR SCHOOL MUG

### TEACHERS NOTES

The form below can be used for an all school or class competition. Cut off the lower part of the form and photo copy and enlarge up to 2 x if you can, the rest of the sheet showing the print area for the pupils. Encourage clear writing and drawing. Fine felt tip pens are probably the best to draw with, but pencil crayon is also acceptable. Limited the number of colours used to a maximum of five.

This text can give details of the school event or a short history as well as information about the school with dates etc. Up to 50 words can be included and we can set the text in one of many fonts. The text can be placed in a circle square or rectangle.

complete wraparound front and back

front, back and middle front with back text

Send the picture you wish to use as the winning design (no doubt this will be a difficult choice) and we will re work it for colour printing then email you a copy proof. The original picture can be posted back to you if requested. If you would like help please email [chris@chrisastonceramics.co.uk](mailto:chris@chrisastonceramics.co.uk) or phone 01777

## DESIGN A PICTURE FOR SCHOOL MUG

Use the rectangle to draw your picture for a school mug. You can colour it using felt tip pens or coloured pencil crayons. The winning design will be printed on mugs for all to see!
